Re: L.L. Bean
Hunting & Fishing Store
Freeport, Maine - P.C. Project No. 12616
Letter of Appreciation

Dear John:

I want to express my thanks to you for a job well done at the new L.L. Bean Hunting & Fishing Store in Freeport Maine.

The project was very successful, thanks in part to your team's responsiveness to the schedule and for the quality work your crew performed. Thank you and your team for their hard work and dedication to keeping to the schedule. Enterprise Electric's contribution resulted in the opening of their new store on schedule.

Doug is one of the best electrical foremen we have worked with to date. It was a real pleasure to work with him .

Please extend our thanks to all your crew for their hard work, and excellent coordination in the field with Pizzagalli and the L. L. Bean.

Very Truly Yours

Mark Donovan
Project Engineer

Pizzagalli Construction Company
